Dear Parents/Guardians,

I am pleased to inform you that the Department of Education and Early Childhood Development has announced its capital repair list for the 2017-18 fiscal year and Tantallon Senior Elementary is one of the schools to receive funding for upgrades.

This funding will be used by the Halifax Regional School Board to replace the school's wastewater treatment plant. The board is currently developing a schedule for when this work will occur and we will provide you with an update when the details are finalized.

If you have any questions about this project, I would encourage you to contact the school and speak with one of the administrators. They should be able to answer any of your questions or direct you to the appropriate contact at the board for a response.

I want to thank the provincial government for their continued investment in Tantallon Senior Elementary.

Best wishes on the completion of a successful school year!

Regards,

A handwritten signature in blue ink, appearing to read 'Elwin LeRoux', is written over a horizontal line.

Elwin LeRoux,
Superintendent
